# Raymond Louis Chen

Davis, CA 95616 • rsrchen@ucdavis.edu • https://www.raidsrc.me

**EDUCATION** 

University of California, Davis - Davis, CA
Bachelor of Science, Biochemistry and Molecular Biology
Minor, Computer Science
G.P.A. 3.735

Expected June 2022

#### EXPERIENCE

## UNDERGRADUATE RESEARCHER

Janata Lab

January 2021 – June 2021

- Advanced data analysis efforts for the *Jingle Project* music neuroscience study by qualitatively labeling and manually processing hundreds of music-evoked memories from test subjects
- Wrote a Python script to automate the scoring and labeling process for certain memories
- Refurbished "The Golden Standard of Annotations," the lab's out-of-date music-evoked memory annotation guide

## DISCUSSION/LAB SECTION LEARNING ASSISTANT

UC Davis Physics Department

September 2020 – June 2021

- Helped spearhead the first online launch of the Learning Assistant program
- Led Physics 7 students through the new, challenging environment posed by remote learning
- Facilitated discussions in breakout rooms, challenged students to think independently, and explained troublesome concepts

### UNDERGRADUATE RESEARCHER

Hunter Lab

September 2018 – March 2020

- Investigated the role of SUMOylation on protein complexes involved in double-strand break repair during meiotic recombination in *Saccharomyces cerevisiae*
- Dissected hundreds of yeast tetrads, collected statistical data on strain viability, and maintained dozens of yeast strains
- Prepared and presented an exhibit, "Yeast Meiosis for the Layperson," for representatives from a University of California, Davis funding partner who visited the lab

## LAB TECHNICIAN, ACCOUNTANT, WEB DEVELOPER, IT SPECIALIST

Virovek Incorporation

June 2017 – September 2019

- Cloned and purified recombinant DNA containing customers' genes of interest
- Managed deposition and withdrawal of funds and ordered essential lab supplies
- Established a toll-free company phone line with a digital receptionist to streamline communications
- Improved layout and functionality of the company's website

#### **SKILLS**

### **GENERAL**

- Razor-sharp attention to detail
- The ability to pinpoint typographical errors wherever they may appear
- A powerful capacity for adaptation and quickly learning new things

# BIOTECHNOLOGY AND BIOLOGY LAB TECHNIQUES

- Experience using molecular cloning techniques, including restriction enzyme digestion, PCR, E. coli transformation and antibiotic selection, gel electrophoresis, and DNA purification
- Experience with protein assays and protein biochemistry methods, including A<sub>280</sub> assays, Bradford assays, spectrophotometric kinetics assays, SDS-PAGE, Western blotting, and protein purification
- Experience with preparation of culture media, autoclaving, sterile technique, biosafety cabinet and fume hood usage, and lab equipment maintenance

### COMPUTER PROGRAMMING

- Experience coding/scripting in Java, C, C++, Python, R, Lua, JavaScript, bash, and PowerShell
- Experience using bioinformatics tools, including bowtie2, trimmomatic, samtools, and FASTQC
- Experience with web and mobile app development languages, libraries, frameworks, environments, and protocols, including React, Node.js, Next.js, Express, Hugo, React Native, Expo, WordPress, Divi, and OAuth2
- Experience with modern programming tools, including git, GitHub, the Linux environment, and Virtual Studio Code

## TEACHING AND COMMUNICATION

- Planning and delivering lessons, simplifying and explaining complex topics
- Public speaking, delivering presentations with and without a visual aid

# ART, MUSIC, AND DIGITAL MEDIA

- Graphics and audio/video media production with GIMP, Adobe Premiere Pro, Audacity, and Ableton Live
- Editing and proofing manuscripts and videos
- Composing, arranging, producing, recording, mixing, and mastering music in a home studio environment
- Distributing music to major streaming platforms including Spotify and YouTube Music

#### WORKPLACE AND ACADEMIC SOFTWARE

• Experience using Microsoft Office, Google Suite, Zotero, Vtiger CRM, QuickBooks, and LATEX

### HONORS AND ACTIVITIES

UC Davis College of Biological Sciences Dean's List, UC Davis Jazz Ensembles, Davis Melee Club

### SELECTED PERSONAL PROJECTS AND WORKS

## RAIDSRC.ME

- Entirely self-configured personal website built and deployed with React and Firebase Hosting
- Hosts a wide variety of self-developed web applications and personal works

### YOUTUBE CHANNEL - RAID

- Home to original music, fan-made musical arrangements, music tutorials, and cinematic short-form video content; has accumulated hundreds of thousands of views
- Content piece "RULE YOURSELF C9 Mang0" and video series "The Poor Falco's Guide to Lasers" acclaimed by the Super Smash Bros. Melee community

## SONAR ALCHEMY

• San-Francisco-based drums-and-horns busking duo; active since 2017, well-liked by locals

## HOBBIES

Music, weightlifting, cooking, programming
